

Max Society of Medical Academics Innovation Research (MSMAIR)

Invites applications for

PG DIPLOMA IN HEALTHCARE QUALITY MANAGEMENT

Under the Aegis of

Academy of Scientific and Innovative Research (AcSIR)

Batch Commencement: August 2025

Venue: Max Network Hospitals

WHAT IS POSTGRADUATE DIPLOMA IN HEALTHCARE QUALITY MANAGEMENT PROGRAMME?

This is one-year Postgraduate Diploma programme that allows students to acquire operational skills and leadership qualities to carry out effective changes in patient safety and quality standards of healthcare organizations. In addition, the course will prepare the candidates to join and lead the Quality Assurance Team of Hospitals across the country both within the Max Healthcare Network hospitals and other organizations as well. During their learning & training at Max Healthcare, they will also have the opportunity to train under and observe the workings of each department of a running hospital, the quality checks the department goes through and the required quality certificates and accreditations the department needs, making them industry-ready.

DEGREE AWARDING AND REGISTERING BODY

Academy of Scientific and Innovative Research (AcSIR)

COURSE OVERVIEW

- A course developed and delivered by leaders in the Healthcare ecosystem
- The course is designed to deliver comprehensive knowledge and practical implementation, supported by the latest technology
- Students will gain specialized knowledge and practical skills to manage and enhance the quality of healthcare services, ensuring patient safety, regulatory compliance, and operational excellence

ABOUT AcSIR

The Academy of Scientific and Innovative Research (AcSIR) is an Institution of National Importance, established by an Act of Parliament (AcSIR Act, 2011) and notified in the Gazette of India on April 3, 2012.

AcSIR is dedicated to fostering world-class research and training in science, technology, engineering, mathematics, and medical research (STEMM). It leverages the extensive infrastructure and expertise of 82 associated research institutes, including National Institutes of the Council of Scientific and Industrial Research (CSIR), the Indian Council of Medical Research (ICMR), and the Department of Science and Technology (DST), etc.

Research at AcSIR spans various faculties such as Agricultural Sciences, Biological Sciences, Chemical Sciences, Engineering Sciences, Medical Research, Physical Sciences, Mathematical and Information Sciences, and interdisciplinary areas. By fostering scientific talent and driving cutting-edge research, AcSIR aims to significantly contribute to India's scientific and societal progress.

AcSIR has several academic collaborations with reputed International Universities to facilitate student mobility and exchange programs. It currently has joint Ph.D. programs (Cotutelle) with three International Institutions: Royal Melbourne Institute of Technology University (Australia), University of Western Australia (Australia), and Deakin University (Australia), as well as two National Institutions: National Institute of Ayurveda (Jodhpur) and Institute of Teaching and Research in Ayurveda (Jamnagar). Besides, AcSIR has signed MoUs with the University of Turku (Finland) and the National Institute of Advanced Industrial Science and Technology (AIST, Japan), University of Melbourne, Australia and University of Agder, Norway for mutual exchanges of scientists and students, short-term training programs, and joint research projects.

As on May 13, 2025, ~1200 Masters and 5286 PhD students have already graduated from AcSIR. Currently, with about 7000 Ph.D Students on its rolls in Science, Engineering and Medical Research, AcSIR is the largest institution of Doctoral education in India and has awarded 831 Ph.D. degrees in the year 2024 in STEM. The NIRF Ranking by the Ministry of Education ranked AcSIR at 11th position in 'Research Institutions' category in 2024. As per Nature Index Rankings, AcSIR occupies the 13th rank among Universities in India and 13th rank in SCImago ranking (2025) among educational Institutes in India.

AcSIR is committed to shaping the next generation of Science and Technology leaders through cutting-edge curriculum, innovative, teaching methods, and rigorous evaluation processes. Its mission is to foster research opportunities in emerging and inter-disciplinary fields that are often underrepresented in traditional academic institutions across India.
